## Agenda & Discussion

1. There will be no Freecycle event at Asbury Alive according to Clayton. Some discussion as to whether printed materials are allowed according to Chapman, because this is an environmental event. Trish, Kareen, and Trudy commented that it would not make sense when vendors have tables. Diane gave rundown of setup schedule for the day, with respect to when barricades will be put up, sound check, when police begin to be on duty, etc. Vendor check in is at 9, and should find setting up by 12:30. Check in is at City Hall, and find out at that time where your table is. The website is [sburyparkalive.com](http://sburyparkalive.com). Eileen will arrive at 9. Kareen and Ilene 12-2. Norman and Trish 2-4.
2. We need to elect officers. Trish and Diane will co-chair. Kareen will send info to Cindy Dye.
3. Last city council meeting, council voted to allow electric scooters. Ilene asked about speed lanes for them, and Chapman said they can use the bike lanes. Trudy asked about speed limits; Chapman answers that an app controls the speed, including where in the city certain speeds are allowed.
4. Michelle Alonzo will follow up on putting bags to help curb dog incidents near Kingsley.
5. The city is trying to disseminate info for youth 13-24 activities in the city. They want to post flyers in businesses with heavy foot traffic (shops, churches, schools, etc.) leaders of different activities are considering extending the hours of their programs, so that kids can attend more easily. Ilene asked about transportation, and Clayton said that will come down the road.
