

AP Quality of Life Committee
Agenda for Wednesday, November 4th, 2020
5:30 - 6:30

Agenda and Discussion

Discuss potential initiatives for Quality of Life in 2021.

Results of last month's brainstorming session on initiatives:

1. Crime
 - a. Community members are afraid to come forward.
 - b. Lack of lighting and abandoned buildings attracting crime.
 - c. A police substation is being installed on the West Side.
 - d. Potentially apply for grants from Home Depot / Lowes for solar lights and plants for beautification.
2. Building Trust – the community does not feel comfortable talking about what is happening in the neighborhood. They feel isolated. QoL Committee needs more visibility and needs to be more active.
3. West Side Garden Club
4. Kwanzaa Festival decorations contest
5. Reaching out to the community to hear their voice on issues / initiatives.
 - a. Put a note in the city newsletter
 - b. Nextdoor
 - c. Use the apqualityoflife@gmail.com address for the query?
