Artist Patricia Arroyo presented her proposed mural for 400 Main Street. Norman Konvitz, the property owner was also present.

The artist is painting a mural over glass that has already been painted over. She will use acrylic paints. The sky will be blues and greens, the sun will be red and yellow. There will be a green patina. The "Tillie" sugar skull shall be white. "Go forth and Serve the world with your work." Shall be painted on the bottom of the image. A glossy protective spray shall be applied when completed.

Public Comment: Andrew Pawlin said a lot described by the artist was not in the drawing in the application package. Ms. Arroyo confirmed that she will not deviate from the image or what she presented at the hearing.

XXX asked if anyone would object to the imagery of a sugar skull. The commission and the artist did not believe that would occur.
